

SILKPEEL[®]
DERMALINFUSION[®]

VOLUMIZES SKIN BY 70%

**ADVANCED SKIN-RESURFACING TREATMENT
WITH PRECISION-TIMED SERUM INFUSION**

ENVY MEDICAL[®]
Integrative Skin Therapy™

SILKPEEL® DERMALINFUSION®

Dermalinfusion® is a patented, non-invasive, 3-in-1 dermatological treatment that simultaneously exfoliates, extracts, and infuses skin with condition-specific serums for an all-inclusive treatment in one step. It is the only precision-timed, exfoliation treatment with optimal-depth serum delivery for immediate and long-lasting results on all skin types—with no downtime.

PATENTED 3-IN-1 TECHNOLOGY

Professional exfoliation treatments naturally trigger skin's wound-healing phase: a protective process that keeps pathogens out, yet impedes skin's receptiveness to letting restorative serums beyond the skin's surface.

Dermalinfusion's patented 3-in-1 technology infuses skin with serums at the moment of exfoliation, before the wound-healing phase begins. This results in greater serum penetration, absorption, and retention so plumpness, hydration, tone, and texture are optimized.

DERMALINFUSION BENEFITS*

Treats Face and Body

Fully Customizable for all skin types, including acne

Intense Exfoliation revives and renews

Extraction deep cleans and clears

Lymphatic Drainage helps detoxify tissues

Dramatic Volumizing Effect lasts up to 72 hours after treatment

Increased Circulation improves healing and skin function

Non-Invasive

No Downtime

*individual results may vary

CLOSING THE LOOP ON TIME GAPS

Dermalinfusion's power lies in its patented handpieces, developed to deliver many precise skin benefits in one simultaneous action.

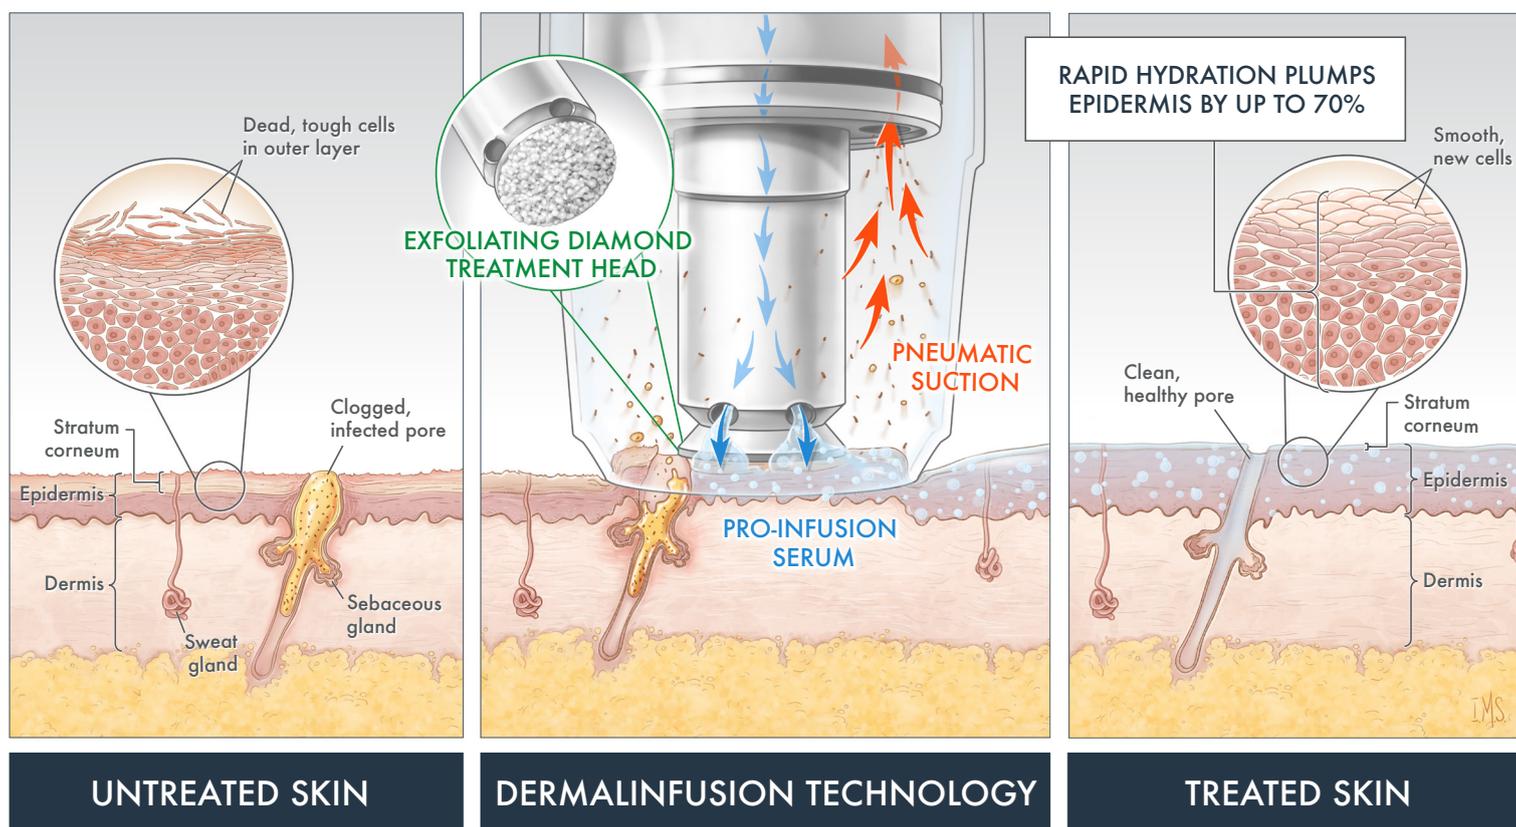

The pneumatic chamber at the handpiece tip creates closed-loop suction onto skin upon contact, instantly lifting skin for extraction and abrasion by a recessed exfoliating tip while pneumatic pressure infuses skin with ingredient-rich serums. This process is not sequential, but simultaneous, and is how Dermalinfusion technology eliminates critical time gaps between exfoliation and serum application for superior dermatological results.

NO DOWNWARD-PRESSURE REQUIRED

The powerful Dermalinfusion handpiece is operator independent and alleviates the need for downward pressure. In fact, a gliding action will minimize irritation and stimulate greater skin health benefits.

INNOVATIVE DERMALINFUSION TECHNOLOGY

SILKPEEL® DERMALINFUSION®

DERMALINFUSION IS THE INSTANT AND LONG-TERM SOLUTION FOR IMPROVING A VARIETY OF SKIN CONCERNS

- Hyperpigmentation: Melasma, Solar Lentigines, Post-Inflammatory Hyperpigmentation
- Photo-damage
- Aging Skin with Fine Lines and Wrinkles
- Sallow Skin
- Dry, Dehydrated Skin
- Acne-Prone Skin (including clients with active acne)
- Rough Skin Texture

NOTHING BEFORE HAS WORKED SO EFFECTIVELY

"SilkPeel Dermalinfusion works to abrade the skin and remove the dead skin cells, but it goes beyond that to actually infuse serums into the skin. Until now, we really did not have anything that works so effectively to treat hyperpigmentation and uneven skin tone."

Dr. Ashish Bhatia, MD
The Dermatology Institute | Chicago, IL

PRECISION-TIMED TECHNOLOGY

SIMULTANEOUS RESURFACING, EXTRACTION, AND SERUM INFUSION AT SKIN'S PEAK MOMENT OF RECEPTIVITY

EXFOLIATES

Distinctive recessed diamond tip exfoliation removes dry and damaged cells for unparalleled resurfacing and rejuvenation.

EXTRACTS

Closed-looped vacuum pressure removes damaging dirt, debris, and bacteria while deeply cleansing.

INFUSES

Condition-specific serums are simultaneously driven deep into epidermal layers at skin's peak moment of receptivity for enhanced skin health and visible results.

CUSTOMIZED RESULTS WITH PRO-INFUSION SERUMS

Specially formulated Pro-Infusion Serums are delivered into the skin, quickly and efficiently, targeting clients' greatest skin concerns. Dermalinfusion's innovative, dual-port design holds two Pro-Infusion Serums allowing the operator to toggle between serums, providing a fully customizable approach to help address multiple skin concerns in one treatment.

ULTRA HYDRATING PRO-INFUSION SERUM

Provides critical hydration while reducing fine lines and wrinkles.

VITAMIN C SKIN PRO-INFUSION SERUM

Antioxidant protection addresses various indicators of aging.

SKIN BRIGHTENING PRO-INFUSION SERUM WITH LUMIXYL

Reduces hyperpigmentation, sun damage, dark spots; brightens skin without causing any irritation.

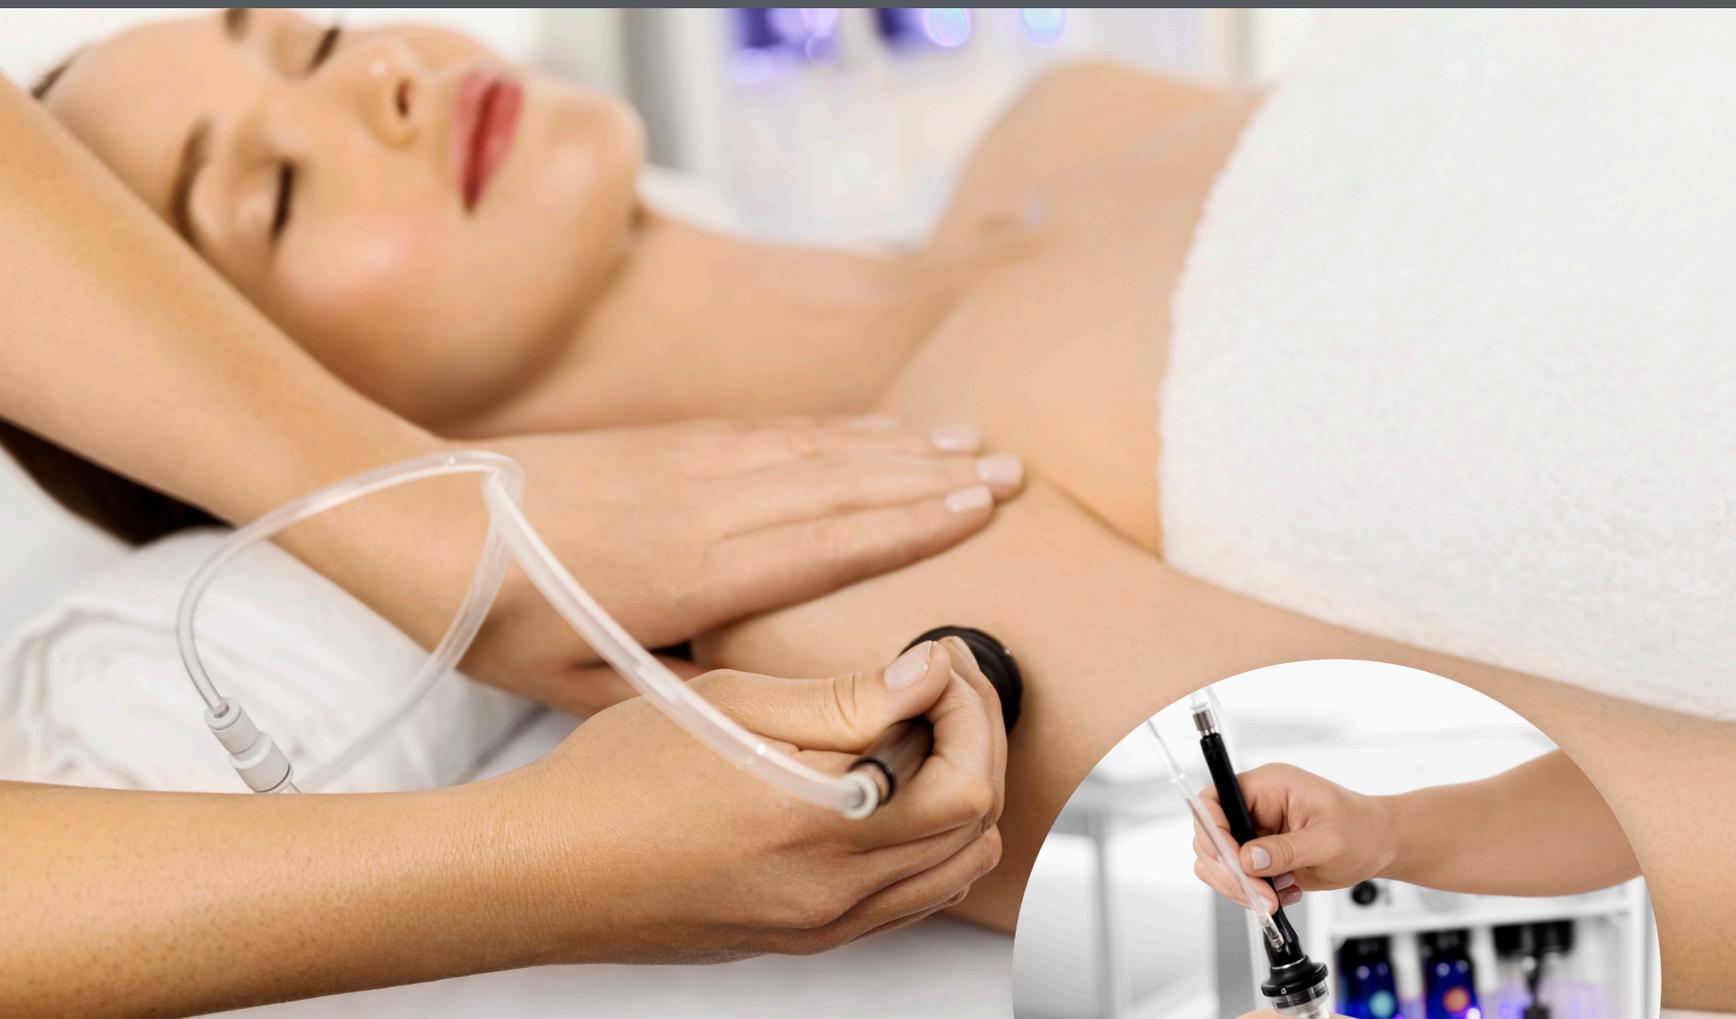

PORE CLARIFYING PRO-INFUSION SERUM

Treats non-inflammatory and inflammatory acne. Reduces surface oil production and helps clear skin.

SILKPEEL® DERMALINFUSION®

THE ONLY ADVANCED RESURFACING TREATMENT TO PROVIDE A COMPLETE HEAD-TO-TOE EXPERIENCE

DERMALINFUSION BODY

Dermalinfusion targets problem areas on the body with precision. Unique handpieces designed for the body, with 15mm and 25mm diameters, can treat smaller areas like the underarms and décolletage and larger areas like the back and legs. A variety of diamond treatment tip sizes range from smooth to coarse for complete customization and specific results.

- Sun damage, fine lines and wrinkles on décolletage
- Stretch marks on the abdomen or breasts
- Back acne
- Cellulite on the thighs
- Bumps, dryness, and discoloration on the arms and around elbows
- Extreme dryness and/or cracking on hands and feet

SILKPEEL® DERMALINFUSION®

ABOUT ENVY MEDICAL

Envy Medical emerged in the field of dermatology and professional aesthetics as a leader in medical device and skincare technology. Its diverse portfolio of advanced aesthetic solutions stands strong on a culture of innovation as well as a solid reputation for clinically-backed, scientifically-proven products. Proprietary patented technologies provide advanced, results-oriented, and non-invasive skin rejuvenation therapies to a global network of professionals who are committed to improved appearance through enhanced skin health.

Envy Medical's Integrative Skin Therapy principle delivers on the promise of making skin look, feel, and behave better with an all-inclusive approach. It begins with in-office procedures to actively correct today's most pressing skincare concerns, and continues with at-home skincare solutions to enhance skin health and vitality.
